A curvy beauty

Au Bout de la Nuit is a bedside table that belongs to the "Amaranthine Tales" collection, a tribute that Promemoria has paid to time and its indefinable and unstoppable flow.

The structure is in wood, available in different essences, with a curvilinear shape with a strong impact, assertive and enveloping. An elegance made of inseparable parts, precious materials and precious finishes.

This bedside table with drawers has a medium smooth bronze base, the top covered in leather with glass and the fronts of the drawers in leather.

The bedside table is part of the Au Bout de la Nuit family of cabinets.
