Beds / Lake Tales / 2015

Silence and rest

Balbiano is a soft and welcoming double bed headboard.

It belongs to the "Lake Tales" collection, created in 2015 from the wish of Promemoria to pay homage to the lake landscapes that have always been an inspiration for the company.

The structure is made of wood, available in different essences, with an upholstered fabric or leather covering. Balbiano is available with LED backlighting.
