Evergreen wood

The chest of drawers Dagoberto comes from a design taken from the famous travel notebooks by Romeo Sozzi. Its structure is in ebony, it has bronze feet and leather placemats for drawers.

The chest of drawers Dagoberto is available in three models: the first with drawer fronts, band and recessed handles in bronze, the second upholstered in leather or cocco leather and a third version with drawer fronts and handles in ebony and bronze band.

The chest of drawers belongs to the Dagoberto family of cabinets.
