## A warm atmosphere

Djed is a floor lamp with base and structure in black nickel. The shape takes inspiration from Ancient Egypt: Djed is a graphic sign carved in light. But the real peculiarity of the lamp are its borosilicate glass curves, a material never used before by Promemoria. Djed is available in noir, blu, rosa antico and bronze colors. Dimmable touch switch and ICOSAEDRO LED lighting system. Controllable via Promemoria Light App.
