Poetry of the right angle

The chest of drawers Future Voyager atto II, a parallelepiped par excellence, has a particular workmanship of high craftsmanship, which manages to combine leather and fabric with a fine stitched seam, typical of high fashion industry.

The interiors and base of Future Voyager atto II are in oak, with a leather and fabric covering. The handles are in leather as well as the placemats.

The chest of drawers belongs to the Future Voyager atto II family of storage units.
